## About Us

We “**Nova Industries**” located at **Ahmedabad (Gujarat, India)** have gained exemplary recognition in the field of **manufacturing** and **supplying** a remarkable assortment of **Single Phase Electric Motor, Three Phase Electric Motor** and **Electric Break Motor**. Since our inception in the year **1991** as a **sole-proprietorship** entity, we have been consistently serving the demands of our clients with our qualitative array of motors. We have a robust infrastructural facility which is further divided into well-formed sub-units which function in close coordination with each other to meet the demands of our products in the market. All these sub-units are resourced with necessary amenities which enable us to maintain high quality standards throughout the range. We have a team of dexterous professionals to manage our facility in an efficient manner. We have achieved outstanding success and popularity in this industry due to our flawless product range, good economic position, ethical business policies, robust infrastructure and timely delivery.

The offered motor range is assembled as per the industry standards using quality assured components and innovative technology. Provided range is widely used in different industrial machines, household appliance, etc. for converting electrical energy into mechanical energy. Moreover, this range is highly appreciated in the market owing to its features such as robust construction,...
