N.S. Engineering Projects Pvt. Ltd.

<https://www.indiamart.com/nsengineeringprojects/>

We have gained immense appreciation from clients for manufacturing and exporting a wide assortment of High Mast Pole, Sheet Pile, Railway Wagon, etc. Our range is technically advanced, thus suits the growing expectations of clients.

About Us

N.S. Engineering Projects (P) Ltd. is a privately owned company, incorporated in the year **2007**. Within a very short period of time, our company has marked an enviable status for itself in the industry by manufacturing and exporting a broad spectrum of High Mast Pole, Sheet Pile, Railway Wagon, etc. We export our products to Nepal, Bangladesh, Taiwan, Malaysia, Vietnam, etc. We also provide Sheet Metal Fabrication Service. All our range is admired among large clientele for their unmatched excellence and characteristics as well as has found wide application across the country. Clients appreciate our products for their features such as robust construction, dimensional accuracy, tensile strength, precision engineering, sturdy construction, compact designs and many others. Apart from this, we have incorporated advanced methods and techniques of production, which have enabled us enhancing our production capacity as well as existing range of products.

The reason behind our growth in industry is the motivational leadership and guiding principles of **Mr. Prasit Chaudhury**, who has taken our company to the newer height of success and achievements. It is due to his sound domain expertise, marketing skills, decision making qualities and farsightedness that today we have marked an enviable niche in this tough market competition.

Our company works towards accomplishing the exact requirements of clients through products, which are of their choice as...
