About Us

We are one of the leading traders of Cable TV Accessories. We are dealing with the trading of **Optical fibre cables, Co-axial cables and hardware products of cable TV**. The range of products offered by us, varies according to the requirements of clients too. We deal in the market with the consumers made **NSN** to have a rapid growth in its sales, service and **splicing**

The service which has made NSN to be honoured was in splicing which they for the ISRO(Indian Space Research Organization) and to other various private channels. We import most of our quality products and are renowned for our after sales service in the industry. Our large list of satisfied clients is the result of our dedicated and honest approach towards our business. We are also an eminent service provider in splicing. Our firm has provided products and services to our CA TV Operators. In today's century the choice of entertainment has changed drastically. With the rising income and lesser time for an average citizen, people switch on their cable TV for leisure and entertainment. Though the cable TV has penetrated the realms of almost all homes, there is still a lot of growth potential in this industry. Nsn Electronics was established in the year **April, 2009**. Three people are joined and strated NSN Electronics. NSN acronym for **Natarajan Selva Nagarajan**. It is constructed for providing sales and services to CA TV Operators. NSN Electronics...
