

Om Industries

<https://www.indiamart.com/om-industries/>

We are manufacturer and supplier of plastic processing machines, plastic printing machines and equipment. Our range is acknowledged for high operation efficiency standards, low maintenance, reliable performance and longer service life.

About Us

We, **Om Industries**, are a well-renowned organization engaged in manufacturing and supplying Plastic Processing Machines, Plastic Printing Machines and Equipment. These machines are fabricated using premium quality steel, which is procured from reliable vendors and each product duly conforms with industry norms. The range is widely used for blow molding, extrusion, thermoforming and decorating of plastic products, and is catering to the various requirements of diverse industries. Available at competitive prices, our range is known for dimensional accuracy and negligible maintenance that provide added capabilities to our clients.

For designing these types of machines, we are supported by well-furnished manufacturing facility, which allows us to cater to the bulk requirements of our clients. This unit is efficiently managed by experienced team of professionals, providing an edge over our competitors. Moreover, our team of quality controllers helps us to maintain the stability in the quality of our range. Owing to our ethical business practices and transparent dealings, we have gained trust of our clients spread across the country.

We are continuously progressing under the proficient guidance of our mentors, **Mr. Patel**. His sound industry experience and in-depth knowledge has enabled us to acquire strong client base in India.
