Omega International

<https://www.indiamart.com/omegainternational/>

We are the renowned and highly acknowledged supplier, exporter and manufacturer of quality Bicycles, bicycle spare parts, moped parts and Charcoal Iron. We have a great belief in the delivery of quality parts to our clients.

About Us

Omega International is a sole proprietorship incorporated in the year 1974 as Forgment Engineer's sister concern dealing with bicycle spare parts, charcoal iron and bicycle spare parts. Our offerings include a wide range Men's Bicycle, Russian Bicycle, Handicap Tricycle, Charcoal Iron (Tailor Special), Bicycle handles and various other products and accessories. Our offerings are highly demanded because of their durability, high efficiency, customization, diverse applications and various other quality features. Our organization has a strong belief in delivering quality solutions to our clients, owing to which we have cultivated a recognized name for ourselves. For us quality refers to the overall excellence be it the efficient performance, increased life period, durability or economical pricing. Our offerings come with a number of quality specifications suiting the current requirements of the clientele segments being served by us. We have the privilege of having a vast corporate experience and industrial exposure that adds valor and effectiveness to the way we serve our clients. We have an annual turn over of about Rs 40 cores showcasing how efficient and developed we are. Our organization is endowed with the presence of highly technical and sophisticated machinery enabling us to manufacture bulk consignments with higher degree of efficiency and quality so as to facilitate the prompt delivery of these consignments to our clients thereby...
