We **Opticarma India SMC Private Limited** are **Manufacturer and Exporter** of a comprehensive range of **Eye Drops, Ear Drops, Pharmaceutical Tablets, Pharmaceutical Capsules, etc.**

## About Us

Having working experience since **1982**, **Opticarma India SMC Private Limited**, started its business as **Manufacturer and Exporter** of a comprehensive range of **Eye Drops, Ear Drops, Pharmaceutical Tablets, Pharmaceutical Capsules, etc.** Our pioneering efforts to manufacture these products have enabled us to come up as a leading name in the industry. Due to the consistent supply of excellent and highly effective range of products in the market, we have garnered a huge trust and support of the clients. Apart from this, under the astute guidance of our **CEO, Mr. Rajeev Chhabra**, we have marked our name in the list of leading organizations in eye care industry.

It is well said that, a sound infrastructure acts as a catalyst in writing the success story of an organization. Similarly, we are also backed by an advanced infrastructure, which sprawls across a wide area and outfitted with ultramodern amenities. By making use of latest techniques in our manufacturing process, we have enhanced our production capacity as well as quality of the products. Further, to carry out systematic business operations, we have segregated our infrastructure into various departments like production department, quality control department, R&D department, warehousing and packaging department and many more.

Our company possesses a team of highly skilled and adroit professionals that enable us to meet the growing needs...
