About Us

Organic Clothing India is a prominent name in the field of **manufacturing, supplying and exporting of Woven Fabric, Men's T-Shirt, Designer Trouser and many more**. Our organization is a **Partnership concern** which came into inception in the **year 2007**. Our entire organizational base is well established in **Tiruppur, Tamil Nadu** from where we are catering to our entire business needs with excellence. We are offering excellent array of products which are not only skin friendly but also ensure to stand class apart in terms of modern demands of fashion. Moreover, entire range is well known for smooth finishing, colorfastness, shrink-resistance and many more other qualities. The organization understands the prevalent trends of fashion in market and ensures to take the clue to manufacture the world class products. We have been highly successful in offering a range which is widely cherished by clients for the excellent benefits with which they come. The firm is doing fairly well in business circle owing to the relentless support of **Mr. Rajkumar T. and Mr. Chandru Thomas (CEO)** both of them have been very instrumental in ensuring us excellent success. They have excellent business knowledge which is a result of their hard work and perseverance. Our entire major decisions are backed by their massive industrial experience garnered over the years. The firm is well positioned to attain an enviable position in near future owing to...
