About Us

Otic Engineering is basically a **partnership** based company which was established in the year **2012** at **Jaipur in Rajasthan, India**. We are the renowned company in the industry which is engaged in the **manufacturing and supplying of Industrial Elevator, Hospital Elevator** and many more. Our products are known for their smooth functioning, fine finishing, reliability and many other qualities. We use high grade spare parts and latest technology is used in the manufacturing of these products. Moreover, we keep the various specifications given by the clients in our mind while developing the range. Also, we manufacture these products as per the demands and requirements of the clients which satisfy them completely. Further, we believe in the ethics and principles of business that we follow on regular basis which makes us trustworthy in the eyes of our clients. **Otic Engineering** is doing a fantastic job in the industry under the guidance of **Mr. Bharat Kapoor** and **Mr. Sachin Kapoor** who are the reputed partners of our company. They both are highly experienced and knowledgeable in their respective domain which helps them to run the entire business systematically and properly. Also, they use their skills and business strategies while taking any decision regarding the business which help us in achieving the target goals and objectives. Being a client centric company, we take care of our clients...
