## About Us

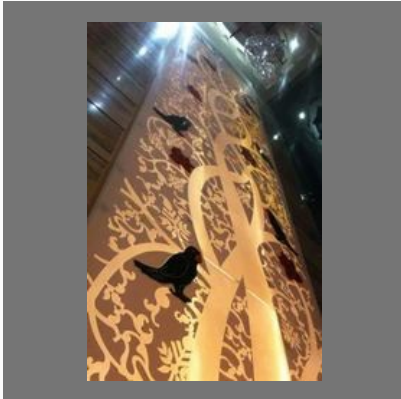

Oystra Concepts is a design led distribution and installation company for Corian from the House of CURIO. As the authorized dealer for DuPont Corian in North India, Oystra Concepts is synonymous with Corian in the arena of interior solutions and services, focusing primarily on fabrication, installation and after-sales services. We offer a complete spectrum of Corian consultancy ranging from start-ups of new buildings to work-in-progress or a complete renovation. As firm believers in the latest technology who also have an excellent network of management professionals, crew of specialist technicians and a uniquely skilled work force, we ensure that our teams handle fabrication of bespoke craftsmanship in our state-of-the-art workshop or at the work site. Not only will our designers help to identify furniture from our stunning collection of products but also offer customization to your precise needs. One of the reasons for Oystra's success is our incredibly fast processing, a shorter lead-time and efficient results. We stock almost all Corian colors and materials to present you a wide array of options at any given time. Also, we at Oystra by no means compromise on quality of our products and services. We ensure customer satisfaction through delivery commitments and our professional services, thus reminding them that Oystra is indeed the best choice.
