# Parekh Power Corporation

<https://www.indiamart.com/parekh-power/>

We are a leading manufacturer, retailer and exporter of varied kinds of generator sets. These products are known for precision engineering, compact sizes, easy maintenance, durability, efficiency, reliability etc.

## About Us

Established in the year 1985, "Parekh Power Corporation" has carved a respectable niche for itself as a manufacturer, retailer and exporter of varied kinds of Generator Sets. Our products are known for their fine finish, precision engineering, compact designs, efficiency, durability and reliability. We have hired highly qualified engineers to ensure that our range remains in strict compliance with the standards decreed by the international industry. These professionals are capable of manufacturing the most cutting-edge designs in the market and strive to provide competent and high performing products to the customers. The range goes through the strict quality tests conducted by prominent auditors of the industry. These auditors are employed on the basis of their extensive experience and qualifications in this domain. The packaging team is capable of undertaking the packing of large quantities of products at a moment's notice. It works in close collaboration with the logistics team to deliver products on time at the client's doorstep. With our dedication and hard work, we have managed to acquire a vast clientele that spans across different countries of the Indian Subcontinent, East Asia, Middle East and South East Asia. Under the able guidance of mentor, 'Mr. Jayanti Bhai Patel', we have surged forth with great confidence in this industry. His leadership skills have propelled us to perform to the best of our abilities and to...
