We are one of the leading organizations offering **IT Products, Associated Repair & Maintenance Services and Electronic Products** to our clients. Our forte lies in providing quality IT solutions which ensure optimum business gains.

About Us

Based at Thane, Maharashtra, India, we “**PC Clinic,**” are one of the most distinguished organizations engaged in manufacturing of **IT Products**, offering **Associated Repair & Maintenance Services** and **Electronic Products** to its clients. The organization has the reputation of catering to varied IT and computer related requirements of its clients. We believe in providing quality and affordable IT solutions to all our clients from corporate organizations, educational institutes and other commercial establishments. Our client list includes more than 1000 corporates and multiple domestic clients, which itself signifies the trust and support we receive.

We undertake in-depth research and use the latest chip technology to develop sophisticated hardware and software systems. Major products offered by us are High End & High Quality Servers, Workstations, Routers, X-Stations, Window Base Terminals, Industrial Personal Computers, Laser Printers and Personal Computers. If the client wants to add to an existing network, build a new network or a web site, or requires manufactured network equipment, we are capable of offering secured, scalable and consistent solution. Our IT solutions ensure benefits in application areas such as Quality Assurance, Development, Operations and Manufacturing. Under the able guidance of our mentor Mr. Pramod Shinde, we have emerged as a reckoning...
