About Us

Pennwalt Ltd is a fast growing business conglomerate with a strong presence in the market. With a determination to move up the value chain in process, products and performance, Pennwalt has always been acknowledged for its excellence.

Founded in the year 1959, Pennwalt under the guidance of **Mr. S D Kashyap - Chairman & Managing Director**, established its marketing, manufacturing and Research & Development Center in 1978. This was done for the production of its full range of Separation Equipments for Chemical Processing Bio Technology applications and Effluent Treatment Applications encompassing the Decanter Centrifuge, Tubular Bowl Centrifuge, Vibrating Screen and Turnkey Process Plants. Pennwalt also manufactures Water Chlorinator & Peristaltic Hose Pumps of International standards.

With over a decade of pre-eminence, Pennwalt is also a pioneer & trailblazer in the installation, supply and application of anti-corrosive fluoropolymer coatings, linings, fabrication and welding of chemical process equipments in association with the world class leaders like **AGRU, PRAHER, BAK & HURNER**.
