About Us

The Petrosil Group (www.petrosil.com) is a neutral reporting agency that develops and manages a range of petroleum and chemical reports and databases that are subscribed to by many of the world's leading energy and chemical companies. Over the past few years, Petrosil has launched specialized services for a broad spectrum of industries. Our reports enjoy a subscriber base of over 800 user licenses. Some of the primary websites include petrosilicon.com, baseoilreport.com, bitumart.com, chemicalexplorer.com, titaniumdioxidereport.com, glycerinereport.com, coalexplorer.com and edibleoilreport.com. Petrosil produces market intelligence reports for products like base oil, bitumen, fuel oil, petroleum coke, waxes, crude oil, LPG, LNG, GTL, gases, titanium dioxide, glycerine, coal, edible oil and numerous other chemical products like methanol, acetone, soda ash, caustic soda, toluene, xylene, benzene, MEG, aniline, hydrogen peroxide, glycerine, acetic acid and phosphoric acid.
