About Us

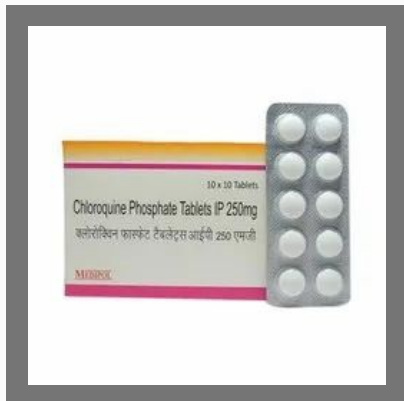

'Pharmax (India) Private Limited', is a pharmaceutical company, which **Manufactures, Supplies and Exports Pharmaceutical Formulations**. The organizations is known for its high quality formulations and compounds. All the formulations are extremely accurate and processed under the stringent supervision of expert from the chemical domain. The ingredients used are best-in-class to guarantee safe consumption. We offer a wide range of pharmaceutical formulations such as **Liquid Orals, Injections, Vials, Eye/Ear Drops and Tablets**. All the formulations are in adherence with set norms of the industry. We are headed by a team of well-experienced business executives. The company has been in the generic market for a more than 50 years. We have decided to introduce branded products with old and new molecules and to promote them in a unique manner on all India basis by "Area Business Partner" (ABP) scheme. All the formulations are tested and inspected on various parameter such as, stability, chemical composition, effectiveness, pH test and side effects. Our major markets **include** Indian Subcontinent, East Asia, Middle East, South East Asia. **'Mr. Sarvesh Bansal'**, has been a constant guiding force, who has been with us from the beginning and has used his sharp business acumen to provide us with an edge over our contemporaries. He has been in the industry for a long time...
