About Us

Phoenix Trading and Consulting Pvt. Ltd. is a professionally managed company based at Mumbai, India primarily manufacturing and trading various products to international customers mainly non-governmental and retail giants across the globe. Phoenix provided competitive, faster and professional services.

Our product range includes disaster relief supplies, general house hold, educational, health and hygiene supplies, school stationary, textiles, construction and various shelter products. The combination of skill management, professional experience and profound commitment makes us extremely reliable and economical providers of supply and solutions globally.

We meet business challenges innovatively and pride in our ears on the ground thus responding proactively to our customer's problems in current volatile markets. Our passion is to team up with our suppliers to search for solutions which helps us all to increase the bar next time around. With a backup of dedicated staff and zeal to succeed we exercises our core capabilities in the fast-moving discipline of global commodity trading & supply chain management, blending trading knowledge with proper logistics support creating a win-win relationship.
