

Pioneer Agro Industries

<https://www.indiamart.com/pioneeragroindustries/>

We are engaged in manufacturing a wide range of Micronutrients, Fertilizers and Mixtures required for the cultivation of the most adorned beverage, i.e. tea. Our products are of best quality and high in demand all over the world.

About Us

Pioneer Agro Industries is an old and trusted name in the Indian market as the leading company which is engaged in the manufacturing, exporting and supplying items like various ranges of **Micronutrients, Fertilizers and Mixtures** which are required in the farming of the most sought after beverage which goes by the name of tea. We have travelled a very long yet successful journey all these years. Starting out this company in the year **2000**, we have experienced a truly remarkable journey as a very successful manufacturer, exporter and supplier of these products. We have a very large client base which is growing day by day. Our company has a team of about 26-50 employees who are very much skilled and trained in the field of the work they do. **Pioneer Agro Industries** is a **Partnership** company. Our annual turnover of 1-2 Crore INR speaks about the laurels we achieved throughout all these years and we have a more promising future ahead. Quality is the most important factor we keep as our first priority and the experience we gathered all these years has made us reach where we are. Our major export markets are Bangladesh, Pakistan, Sri Lanka and Malaysia. **Mr. Sunil Kumar Agarwal**, our company partner is a great man. The way he has led us all these years so smoothly without any lag is truly remarkable. **Mr. Agarwal** is a truly inspirational and a very just man. All companies should absolutely have someone like him to lead them...
