Er. P.K. Jain is **B Tech from IIT Delhi** with an experience of more than four decades. One of the most trusted consultants engaged in providing services pertaining to BIS/ISI licensing for electrical and mechanical engineering products.

About Us

Our organization is driven by a professional engineer from Indian Institute of Technology Delhi, Er.P.K. Jain. He has a valuable experience of many years in different fields of engineering and standardization. His experience combined with expertise of a competent team has enabled us to deal with the most complex cases related to BIS / ISI licensing & hallmarking, licensing service, transport's licensing services and global business licensing service. He has successfully re-activated / revived certain difficult and closed cases. His ability to understand the requirements of the client and zeal to serve them in a better way has made us the trusted name in the field.
