About Us

PLATINUM TECHNOLOGY SOLUTIONS (PTS) was founded with the vision of adopting a leadership role in solving today's key issues of energy crisis and climate change. We provide a complete range of Services including **Lump sum Turn Key EPC Services for Roof-Top projects, Consulting, Detailed Engineering, System Integration, Training, Project Advisory services and Solar-as-a-service model** to our valued partners. **PLATINUM TECHNOLOGY SOLUTIONS** was set up in 2011 with a focus on system integration and equipment leasing in the renewable energy resources sector. **PTS** has embarked on an exciting journey to provide an eco-friendly power alternative and aims to be a leading solar energy system integrator/provider, with solution which are not only viable in the current scenario but also in the long term. PTS aspires to spearhead the Solar Roof-Top revolution in India by introducing the concept of "solar as a service" in India. In this pioneering model roof-top owners pay a monthly fee linked to power produced. **PTS** builds, owns and operates the system while roof-top owners pay a fee/rental at a low, locked-in rate, saving them money over time. This offering is available to select (A /AAA rated) Companies/Industries/Institutes. Our approach is to design solutions to the highest engineering standards while making the switch simple for our valued customers. Team PTS along with its valued Partners has combined experience of working on more 1000 kW...
