

Portronics Digital Private Limited

<https://www.indiamart.com/portronicsdigital/>

We are a well established trader, importer and supplier of Innovative, Portable and Digital Devices. These devices are available in various specifications, which are acknowledged for their accurate result, performance and durability features.

About Us

We, **Portronics Digital Private Limited (India)**, incepted in the year **2010**, are one of the leading traders, importers and suppliers of **Innovative, Portable, wireless mouse and Digital Devices**. These devices are self-contained scanners and do not require any computers or any external power sources. By catering to the various requirements of clients, we have gained an annual turnover amount around **US \$ 0.25 Million (up to Rs. 1 Crore (INR) approx.)** Our organization has an spacious warehousing unit that helps us in inventory management. Furthermore, we are backed by efficient logistic facility that helps us in meeting the bulk demand of clients within a stipulated time frame. Our packaging experts provide attractive and customized packaging of these devices that prevent from any damages during transportation. We work under the constant guidance of our manager of the company, **Mr. J. S. Sethi**, who helps us in offering reliable and quality devices at reasonable prices. His vast industry experience and skills help us to achieve the maximum satisfaction level of our clients. Moreover, due to our rich vendor base, timely delivery and quality conscious approach, we have garnered a vast client base across the nation.
