<https://www.indiamart.com/powerbeamtechnology/>

Power Beam is one of its kind that is leading ahead above all its competitors in Mumbai in the fields of Professional Laser Cutting, Marking and Welding Jobs. We supports customers by increasing service revenue through service innovation.

About Us

In **1997**, **Power Beam Technology** was incepted with an ambition at manufacturing and service providing of Door Handles, Laser Cutting Frames, Laser Rotary Cutting. We are an **ISO 9001:2008** certified organization, with years of experience, we have been able to understand the market and its demand and thus taking that into consideration we have developed huge infrastructure and team of experts in order to meet the same. At our firm, quality has always been a priority and therefore to create an excellent item, we since from procuring materials to its manufacturing till the delivery of service, quality is taken into consideration. The vendors who are engaged in supplying these materials are certified by the accredited body and all their materials have undergone test. The raw materials acquired and products we offer meet the industry parameters and through which we have been able to establish ourselves as a recognized service provider in the market.

The extensive ranges of products offered are an amalgamation of modern technology and rigorous dedication of our professionals who develop a product which are as per the latest trend. We keep upgrading our manufacturing unit which actually enable us in developing hi-end products which meets customers need and requirement and are up to their satisfaction.

Mr. Jayesh Bhai Ramani, Mr. N. S. Shikar Khane and Mr. GV Ramani are the pillars of our firm who have dedicatedly adopted...
