<https://www.indiamart.com/powerpack-enterprises/>

Wholesaler and trader of diesel generators, hydraulic breaker (tor series), heat transfer fluids and insulation fixings etc.

## About Us

COMPANY Started in July 2005 by a entrepreneur, Mr. MURALIDHAR RAMPALLI, a Mechanical Engineer with vast experience in the line of Generators, Lubricants, Power Tools, & Construction Tools. To start with, the company penetrated in the power generation market by selling, erecting, commissioning diesel generators and extending after-sale services (AMC) to Cummins generators, ranging from 7.5 Kva to 1000 Kva. , supported by efficient technical man power. We are exploring the lubricant market by marketing Agip branded lubricants, known for their best quality to meet the customer need and satisfaction, in the field of automotives, industry and marine applications. The company further extended its activity in the field of Power tools, by marketing Bosch branded power tools meeting the customer need in the field of mechanical industries, civil construction etc. The company also markets best quality, renowned branded FISHER anchors of entire range supported by required technical advice to our esteemed customers.
