

Prakash Environmental Group

<https://www.indiamart.com/prakash-environmental/>

Trader of recycled paper, rain water harvesting system, compost etc. Also offering municipal solid waste management program services, educational training program services etc.

About Us

Our representatives have worked with and successfully managed a number of industrial projects, and technical and policy studies for foundations, ngos, universities. We provide excellent oversight and management capabilities for our sponsors and work with the community, local ngos and trusts. the organization was established in 2001 with the support of indian institute of technology, delhi and comprises of a multi-faceted group of environmentally conscious individuals who are from backgrounds as diverse as business, legislative, legal, engineering, finance, energy and environmental sectors. The diverse group of individuals allows peg to reach out to both the public and private sectors and to educate them the importance of incorporating issues such as environmental considerations and self-sustainability into project or policy development for india. In the short span of our existence we have achieved several milestones and been able to implement de-centralized solid waste-management and rainwater harvesting systems in various corporate, institutes, industries and residential colonies.

our representatives have worked with and successfully managed a number of industrial projects, and technical and policy studies for foundations, ngos, universities. We provide excellent oversight and management capabilities for our sponsors and work with the community, local ngos and trusts.
