We are one of the noted traders and suppliers of a variegated line of high quality electrical components. Our products are sourced from some of the most dominating and reliable manufacturers and vendors.

About Us

Our organization, '**Prakash Industrial Services Private Limited**' commenced its operations in the year 1978. As a Limited Liability Firm, we had a humble beginning as a trader and supplier of Electrical Components. With our consistent efforts and honesty & integrity in all the policies, we have today reached the peak of the industry. With an annual turnover of about 400 Million INR, we are counted amongst the top traders and suppliers of the industry. Sourcing the products from reliable vendors and manufacturers helps us in ensuring highest quality standards.

Furthermore, our team of dexterous employees including procuring agents, engineers and quality controllers among various other helps us in ensuring the products are timely procured and dispatched. A well-distributed channel for transportation and the capacious warehouse of ours are the two main aspects involve in safe and timely transit of the orders. We have also built contacts with C&F agents and financial & judicial consultants for easy and restriction-free transport of the products in various parts of the world.

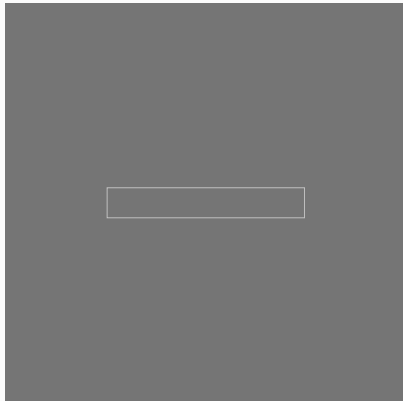

Our organization has been thoroughly guided and influenced by our mentor, '**Mr. Nilesh Parekh**'. With his vast industry experience and knowledge, he has always supported us in fulfilling the varied requirements of the clients in most efficacious manner.
