

Rodless Cylinders -:

Magnetically Coupled Rodless Cylinder

Model		Series	Bore Size (mm)
Guideless	Basic	CY1B	6,10,15,20,
	Direct mount	CY1R	25,32,40,50, 63
Built-in guide	Slider (Slide bearing)	CY1S	6,10,15,20,
	Slider (Ball bushing bearing)	CY1L	25,32,40
	High precision	CY1H	10,15,20,25, 32
		CY1HT	25,32
	Low profile guide	CY1F	10,15,25
Features	Space saving cylinder with magnet permitting wide range of applications		

Magnetically Coupled Rodless Cylinder

Model		Series	Bore Size (mm)
Guideless	Basic	CY3B	15,20,25,32,
	Direct mount	CY3R	40
Features	Further improvement on Series CY1. Same mounting dimensions as those of Series CY1. Upgraded bearing performance. Reduction of dynamic resistance. NPT thread and G thread as standard.		

Rodless Cylinder
