

# Pratap Industrial Corporation

<https://www.indiamart.com/pratapindustrialcorporation/>

Over the years, we are able to gain ISO 9001: 2008 certification for ourselves as a manufacturer and exporter of Spare parts for Bottling Section and Membrane Cell-House. These are acclaimed for anti-corrosiveness and dimensional accuracy.

## About Us

Established in the year **1974**, we, "**Pratap Industrial Corporation**", have listed ourselves among the **ISO 9001: 2008 certified** manufacturers, suppliers and exporters of **sheet metal components**

Based at Baroda, Gujarat, India, we possess manufacturing units that are manned by 22 skilled professionals, who are knowledgeable in different cadres. Due to the presence of many world-renowned universities in this region, we have been able to recruit qualified, trained and technically sound manpower, which ensures efficient functioning of our organizational tasks and endeavors. In addition to this, well-connectivity and proximity of our organization to Bombay (the Industrial Capital of India), helps in procuring the raw material within a short time and that too at the expense of just a phone call. Our firm has entered in this business by manufacturing spare parts for two wheelers using sheet metal. On gaining appreciation in the market for our products, we switched on to OEM supplying to different industries, located across the nationwide market. Later in the year 2003, we started supplying our products outside India, specially to the **USA** and **European Markets**. Clients across the globe appreciate our products for their tough construction, high tensile strength, corrosion-resistant finish, dimensional accuracy and durability. Also, in a manner to offer a high performing range of spare parts,...
