About Us

Precision Surgical is a highly reputed organization of industry, which has marked its presence with a sole motto to be the favored choice of customers and mark a leading status in the industry. Started business in the year **2007** as a **Sole Proprietorship** firm our company has dedicated its whole endeavors towards **Wholesale Trader, Manufacturer and Supplier** a diversified and better quality array of **ICU Equipments, Anaesthesia Machine Hospital Furniture, OT Light and many more.** Also, our company is acclaimed for offering trustworthy **Maintenance Service and Repairing Service.** Our products are designed efficiently by skilled personnel, who are aware of the requirements of customers. Highly qualitative raw material is been used in the development of whole array, which is been procured from the trustworthy and authorized vendors. Furthermore, use of modern techniques as well as methodology in the development process makes our assortment exceptional from our competitors. Utmost emphasis has been paid over the quality of products and therefore, several stringent and specified quality checking measures have been adopted by us. Our company is growing remarkably without any leaps and bounds in this highly challenging industry by performing all its operations under the specialized guiding principles of **Pritam Ghosh**, who is the **Proprietor** of our company. He led us establishing our name in the list of leading companies...
