Prism Modular Systems is well known name in Manufacturing, trading of Modular Furniture and Interior Designing Solutions. We also offer our services across a wide range of domains like Education, Health Care, Real Estate & Hospitality Services.

About Us

Established in 1993, we, "**Prism Modular Systems**", is a reputed service provider engaged in providing a wide range of solutions in **Interior Design, Education, Health Care, Real Estate, Capital Funding, Hospitality Services & Rental Modular Furniture**. Our mission is to "Maximize customer value while continually striving for excellence by introducing innovative and high end products and solutions based on performance, value pricing and customer needs". As a leading ISO 9001:2008 certified products and services company, we are a dynamic team of more than 75 people passionate towards providing high quality services to our esteemed clients. The modular range of furniture that we offer to our clients is of high quality and available at reasonable prices. We have been providing these services for close to two decades and have earned trust and respect from our clients for excellence in our work. Our services across various domains have been designed and implemented as per the required business models, which add value to our client's business. These business models are as a result of need of the market which has matured over time. We help our clients in their business cycles at precise points which help them focus on their core business, while we take care of supporting services. Our offering such as **Bought Out Model (BO), Joint Venture Model (JV), Build Design Model (BD) and Construction Only Model (CO)** are designed to assist our...
