Progressive Plastic

<https://www.indiamart.com/progressiveplastic/>

We are noted manufacturers and suppliers of an extensive range of **Plastic Injection Molding Products, Plastic Caps, Plastic Seals** and **Plastic Clips**. These are widely known for application specific design and high tensile strength.

About Us

Established in the year **1980**, **Progressive Plastics** is renowned manufacturers and exporters of an extensive range of **Plastic Injection Molding Products, Plastic Clips, Injection Molding Products, Plastic Caps**. These are widely appreciated for quality features like application specific design, durability and high tensile strength. We have expertise to manufacture our entire range using different grades of plastic such as Nylon, ABS, PU and Derlin and can also suggest other grades of plastic for various articles. Further, these products can also be designed in various medium sizes such as 1 gm to 100 gm to meet the application requirement of numerous industries. We are guided by our proprietor **Mr. G.A. Bhat**, who holds a rich industry experience in the respective domain. Due to his dedication towards the work, we have developed progressed immensely and endeavor to reach heights of success.
