About Us

Established in year **1988**, "**Pulsars**" is an **ISO 9001:2008** certified company came into existence as a garage start-up. When the first Vending machine was made in India in **1989**, we had our electronics in it. Since then PULSARS has pioneered every technological innovation in the vending field in India. Some of our firsts are **DC Vending Machine Controls, Microcontroller Circuits, Industrial Controls, Power Supply Products, Design Capabilities, AC Vending Machine Controller, Controlling Cards, Solar Energy Products, Custom Design Controller, PCB Boards, Design Embedded System, Embedded System, etc.** Pulsars rapidly grew by leaps and bounds and is today regarded as an undisputed leader, offering unmatched designing and developing services of embedded systems. With a worldwide acclaim of presenting international quality our scope of work includes Control Scheme Design, Specification Development, Circuit Design, PCB Design, Embedded Software Development and Prototype Testing & Production.

Within a span of few years Pulsars has achieved a stupendous task of doubling its growth rate with a doubling of turnover year after year, which has been possible only due to single minded determination and dedicated spirit of our founder, **Mr. R. Balamurugan**. Further, with huge clientele across **Sri Lanka, Bangladesh, Saudi Arabia, Malaysia** and **USA**, Pulsars has earned many laurels and accolades to boast of. Located in **Chennai**,...
