About Us

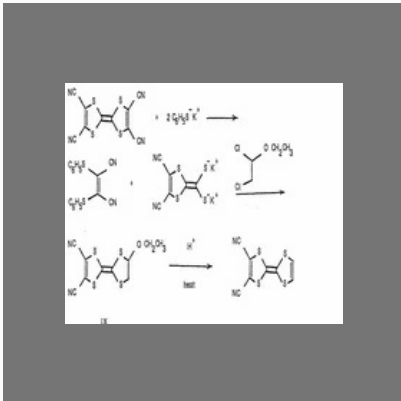

We are ISO Certified company 9001:2008. Purander Fine Chemicals Pvt. Ltd came into existence in the year 2007 at Pune, Maharashtra. We are a joint partnership firm operational under Mr. Kedar Vaze and Mrs. Swati Kulkarni. They are having an altogether experience of 20 years in this industry. In their endeavor they are ably assisted by Mr. Shripad Kulkarni who is our Plant In-charge. Their soft business skills and knowledge assist us in meeting the various requirements of clients in the best possible manner. For ensuring timely execution of the entire production process we have thoughtfully segregated our infrastructural setup in different units such as manufacturing unit, quality testing laboratory and R&D unit. The raw materials we are using are Adipic Acid/Manganese Carbonate etc. The packaging material used by us is HDPE and Drum packaging. To add an icing we can say that we have never given a single chance to complaint against our quality, timely delivery and customization solutions. Our products have been gaining popularity with each passing day across the country.
