About Us

QED CARE LABS is venturing into the foray of complete Diagnostic Services by setting up a State of the Art Central Clinical Reference Lab at Hyderabad, Andhra Pradesh and plans to grow and acquire bigger dimensions with an aim to become a global network of highly automated and sophisticated diagnostic laboratories synonymous with cutting-edge technology, accuracy, efficiency, dedicated customer service and above all the stringent ethical practices. Presently we are coming in to the market with best services and with franchise concept throughout INDIA with 2000 specialized test menu with 240 test profiles, with daily schedules, I am glad to announce first time in INDIA we are doing TB 20 drug sensitivity. Our caption itself states that “horizon for healthy life” we mean it by Quality Enhanced Diagnosis with care (QED CARE LABS) and with effort able cost and best quality. Our main concentration is on specialized oncology markers by PCR technology and CD markers with authentic reporting data. QED CARE LABS, A speciality diagnostic is centrally located in KPHB Colony, Kukatpally provides the right ambience for psychological and physical comfort of the patient. QED CARE LABS specializes in a comprehensive range of diagnostic solutions covering various fields of Diabetic, Cardiac, Executive, Surgical, Fertility, Women/Menopausal, Antenatal, and Pregnancy profiles and a range of other sections of medicine. We will be available round the clock not only to take care of the...
