Qualimech Industries

<https://www.indiamart.com/qualimechindustries/>

We are one of the dominant manufacturers and service providers of industrial products across the country. Our range of products is acknowledged for cost effectiveness, well execution and design, corrosion resistance and timely delivery.

About Us

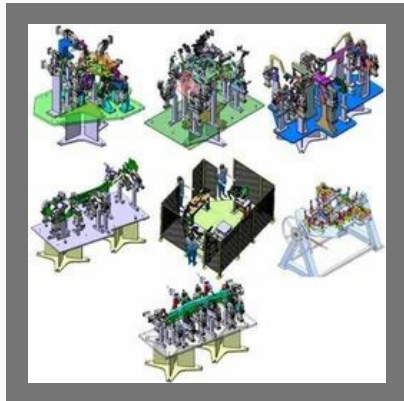

Established in the year **1993**, we, “**Qualimech Industries**”, are one of the leading manufacturers, supplier and service providers of industrial products in the market. Our manufactured product includes **Jigs & Fixtures, Machine Spares, SPM and Precision Tool Room Works**. These are widely used in different industries like automobile, engineering, welding sectors. We use an advanced technology to manufacture these products and ensure their quality through various tests conducted by our team of quality controllers. Our products possess features like easy to use, heat resistant, durability, strength and chemical resistant. Our team of experienced and efficient professionals helps in an effective execution of operational activities and installation of the components. We provide them proper training to make them experts in their respective domain. Our main motto is to provide quality industrial products to our clients. Some of our clients include **Bharat Forge Ltd, GKN Sinter Metals Ltd, Mahindra Forgings Ltd, Premium Transmission Ltd, Greaves Cotton Ltd. and Kores I Ltd**. Under the guidance of “**Mr. Manoj D. Sonawane**”, the **CEO** of the company, we have achieved a huge success in the industry and are giving stiff competition to other organizations. He possesses extensive experience of 18 years in business and six years in service. His foresightedness and technical supervision have helped the...
