About Us

Established in the year **2002**, '**Raj Mohan International**' is a reputed enterprise that is engaged in manufacturing, exporting, importing and supplying a high-performing range of **CFL inverters, LED lanterns, Televisions, DVD Players, 3 CFL Inverter, Colour Tv SMPS and LCD's**. All our products are developed by a team of skilled professionals using advanced technologies. Before dispatching the products to the patrons' premises, our quality analyzers examine them on certain parameters to ensure their adherence with industry laid norms and guidelines. Due to the compact designs, low power consumption, shock-proof body and easy installation, our products are extensively used in homes and offices. A sound infrastructure is constructed by us to systematically execute all the business related activities. Equipped with varied machines and technologies, our manufacturing unit aids us in developing and supplying bulk amount of products with ease. To look after the smooth working of all the activities that are taking place at our infrastructure, we have hired a team of dedicated professionals. In order to ensure on-time completion of the tasks, all our departments work in proper coordination. Our entire range is time to time upgraded with the help of latest technologies due to the hard efforts of our R & D personnel. Owing to reasonable prices, dedicated employees and ethical business deals, we have mustered numerous...
