Raja Exports (India)

<https://www.indiamart.com/raja-exports-india/>

We are one of the prominent exporters and traders of Scientific Instruments & Supplies. Our equipments are utilized by various miscellaneous industries.

About Us

Ever since our inception in the year 1980, our company “ **Raja Exports (India)**” has carved a strong niche for it selves by winning a large supporting-base of vendors and traders. Its been almost 3 complete decades that we have gained rich expertise in the Scientific Instruments & Supplies industry. As the policy of our company, we never make compromises on the quality-norms, and strive to supply the best to our vendors and customers. As a matter of fact, we have been consistently adding quality-products to our product catalog, all through these decades of establishment. Our product catalog consists of a wide variety of products, that are highly acclaimed by our customers & vendors for their outstanding features such as : accuracy, tensile strength, toughness, easy-handling, quality manufacturing, updated designing, resistance against corrosive or harming agents, safe-applications, analytically correct and tested. Our equipments and instruments are widely in demand by industries such as pharmaceuticals and biotechnology from the major markets of **Indian Subcontinent and Middle East**. Our wide vendor base as well as customer base has relied upon us for numerous consecutive years for supplying them with the best-in-the-industry equipments checked and verified by expert scientists. There are around a hundred of products that we offer in various specifications and customization. Our range consists of products such as **Scientific...**
