About Us

Raj Hardware & Syndicate is the **partnership** based company that was established in the year **2004** and today known as a most prominent company. Our company is situated at **Secunderabad in Hyderabad, India**. We are basically the most prominent **manufacturer, supplier and trader of Control Valve, Safety Wears, Adhesive Tape, End Valve, Metal Pipes, Conveyor Chains, Metal Bolt and many more products**. Offered products are manufactured by our skilled professionals as per the well defined quality norms and parameters and using high grade material that we sourced from reliable and certified vendors of the industry. Our products are highly admired by customers for their long service life, maintenance free nature, sturdy construction, reasonable rates, high durability, accurate dimension and many other things.

Our customers can buy these products from us at most reasonable rates and make payment through different modes such as cheque, DD and cash. Customers are being prime focus of our company and we have been satisfying them since the time of our establishment. We provide them superior quality and completely customized product range as per their exact demands. Also, we carry out various business operations by maintaining complete transparency in them. Our ethical business practices and client centric policies have made us preferable choice of the customers in very short span of time. Furthermore, we timely deliver consignments of our...
