About Us

Established in the year 2000, we 'Raman Industries,' are engaged in manufacturing and supplying of a wide range of Food and Vegetable Processing Machinery. These encompass pulp extraction machineries, bottle filling equipments, pickle machinery, namkeen machinery, food processing machinery, fruit and vegetable washing equipment. Further, the finished products are inspected on the parameters of power consumption, corrosion resistance and durable finish. Our tested and approved range of machinery is used for processing of Food, Fertilizer, Cosmetic and Spices. We are headed by our mentor Mr. Amrik Singh Matharu, who is a Mechanical Engineer by profession. Backed by an extensive experience of 35 long years of working with a reputed Group of Engineering Companies, he established our organization which has today become a trusted name in manufacturing Food and Vegetable Processing Machinery.
