We are an ISO 9001: 2008 certified manufacturer and exporter of Plastic Moulded Products, which are extremely durable and dimensionally accurate.

About Us

RTPL is an **ISO 9001-2008** certified manufacturer and exporter of **Plastic Moulded Products & Moulds**, which are extremely durable and dimensionally accurate. RTPL has vast industry experience of more than 16 years and we hold immense expertise in offering **Thermoset & Thermoplastic Injection / Compression / Transfer Moulded Products & Moulds**. We process various types of raw materials, viz., **Bakelite, Urea, Melamine, DMC, SMC, GRP, PC, PBT, PA-6, PA-66 Glass Filled, ABS, PP**, etc. We **Design and Manufacture** various types of moulds, suitable for **Injection / Compression / Transfer Moulding**. We have **Micro Processor Based Injection Moulding machines and Compression Cum Transfer Moulding presses** of various capacities ranging from 20 Tons to 200 Tons. We cater to the Moulded Product and Moulds requirements for the **Electrical Switchgear, Cookware, Automobile, Household Switches, White Goods appliances** and other **Allied Engineering Industry**. We offer moulded products of various sizes, with the smallest product weighing less than 1gm and the largest weighing over 3.5 Kgs. Most of our products have complicated designs and profiles and the moulds required for manufacturing the products are equally complicated.

We manufacture extremely complicated and durable moulds having high dimensional accuracy, thereby ensuring a perfect end product with consistent repeatability. We manufacture moulds of...
