About Us

Incepted in the year 1951, we **Ram Narain Minerals** are one of the reliable manufactures, exporters and suppliers of wide variety of mineral products like marble, dolomite, feldspar and quartz. Our qualitatively optimum, exquisite assortment of minerals finds application in various industries like Paint, Glass, Ceramics & Potteries, Plastics & P.V.C, Leather Cloth Industry, Detergents (soaps & washing powder), Rubber Industry (shoes & Sleepers) and Basic Building Materials etc. We are located in Alwar (Rajasthan, India), that enables us to access to some of the finest and richest mines of the country. We have our own mines for all the products along with that we have spacious warehouse that empowers us to cater the need of our global client in the shortest time-period. Availability of abundance mineral in the region (Rajasthan) allows us in low mining cost and low transportation cost. Further, our cutting edge technology and skilled man power enable us in smooth processing of raw material and thereby ensuring optimum quality is delivered to clients in a cost efficient manner. We are led by our mentor Mr. Jai Kumar Goyal, who has with him strong business acumen in this field. Due to his diverse knowledge, we have established a strong presence in the international market.
