<https://www.indiamart.com/rapidcool/>

We are pioneering manufacturer of HVAC products Hot water Generator, Humidifier, Geyser, Tanks. Our leading position is due to our increased efficiency in providing timely delivery, in blend with quality and cost effective.

About Us

With a work dynamic of integrity and innovation, **Rapid Cool** the leading manufacturer, supplier and trader firm was established in the year **1973** to bring forth an exclusive range of Duct Heater and Humidifiers. Our endeavors reflect in **ISO 9001:2008** certification by offering wide assortment of equipments such as, Industrial Humidifier, Ultrasonic Humidifier and Pan Humidifier. We make sure that our developed products are constructed with leading technology, high grade raw material, and serve the promises of durability, reliability and cost competitiveness. Further, we believe that our efficient operations and timely installation services are equally essential to our success.

To implement the innovative ideas and to achieve utmost levels of operational efficiency, we have invested to create a modern set up. Our manufacturing site is fully equipped with hi-tech machinery and equipments to provide high speed production at lowered operational costs. Besides, owing to the dynamic team members, who are striving for excellence in our production and distribution, we are capable to act in accordance to the expectations of our prestigious clients from varied industries. Moreover, we deliver on our promises by our offered installation, maintenance and after sales services that not only meet highest ethical standards but also rendered with compliance to safety.

The visionary persona and rich industrial experience of our...
