## About Us

Ravel Group of Companies was started in 1986 by a team of young and enterprising engineers with a common thought of offering the world State of the Art electronic based innovative products which would set a unique standard in its own field of application. RAVEL ELECTRONICS PVT.LTD., was established in 2003 with a vision of serving the fire detection industry which was at that point in time craving for a robust and trouble free Fire Alarm Panel from a dependable manufacturer. Very soon "RAVEL" became synonymous with the fire detection industry as a manufacturer capable of delivering tailor-made solutions with a very strong after sales support across India. The Company soon obtained an ISO 9001 accreditation and attained limelight as the leading manufacturer and supplier of microprocessor based Fire Alarm Control Panels. Ravel always meets the expectation of consultants, architects and customers by providing quality, reliable and failsafe products. RAVEL continues its journey towards the dream of designing & developing a safe & secure future for every global citizen whether at home, office or elsewhere. RAVEL's quest for offering the world the most advanced fire detection system still continues and from time to time RAVEL has been launching innovative and strategic products in the market keeping pace with global developments. The products' listing with International bodies like UL, LPCB etc stands testimony to the Company's capability...
