Redilens

<https://www.indiamart.com/redilens-mumbai/>

We are counted among the prominent importer, manufacturer, supplier, exporter and service provider of optical molds. These products are highly appreciated for their impeccable quality, flawless performance, reliability and durability.

About Us

Redilens is a leader in the molding and processing of polycarbonate & acrylic. Our focus on optical plastic injection molding makes us a leader in this niche field.

With more than 30 years of experience in molding optical quality and transparent components using Polycarbonate, Acrylic. Redilens has the service and facilities to produce optical quality parts of virtually any size... any quantity... any configuration.

With a wide range of products like ophthalmic lenses, instrument lenses, mini reading glasses, LED torchlight lenses, TIR lenses, safety eye-wear, helmet visors & gas mask visors in our portfolio, there is a constant endeavor to keep up with the requirements of the customer and new technologies. At Redilens, we help you maximize value and minimize cost. We maintain our competitive advantage through a strict focus on optical plastic products, manufacturing process innovation and exceptional customer service.
