About Us

Established in 1975, Refractories Trade Link is engaged as **wholesale trader** of **Ferro Alloys, Industrial Crucibles**, etc. Offered products are designed by the usage of superb quality raw material and advanced tools under the supervision of trained workers. Moreover, these are available in various standard specifications with us and could be modified according to the client necessities. We are readily involved in offering outstanding quality products to our customers. Since we are backed by a marvelous team of skilled employees, quality is one arena where we stand apart from the competitors. Moreover, to ensure the quality of our provided range of products, we make sure that these are developed under the strict guidelines by trusted authorities in order to attain maximum level of client gratification. Owing to our customer centric approach and ethical business polices, we have created a large client base across the domestic market.

Under the assistance of our esteemed mentor, **Mr. Ankit Parekh**, we have earned a reputed niche for ourselves in this immensely competitive industry.
