About Us

Regnar has been an active individual who has always had something new to offer in the market. All this can be seen in the trail of activities he has carried out in the past. With knowledge and hands-on experience in Automobiles, Computers, Electronics and Marine Engineering; Regnar has his hands deeply involved into all of these trades. Besides all the above, he has served in the Oil & Gas sector as a Planning & Scheduling Engineer for an overseas company. An added boost to his credits is that he is a ISO 9001:2008 certified auditor. This helps him in understanding the needs and expectations from a customer's perspective. To understand the customer's requirement and to execute a successful job is key action for any assignment.
