## About Us

Relent Software Technologies, is a fast growing software company with highly skilled software experts, focused mainly on varied software products that can be customized as per clients expectations. Relent aims to stand out exceptionally in this field to deliver best IT solutions. The Company offers a vision for the future & a practical insight with great knowledge & expertise in finding IT solutions. Our team experts works closely with clients to identify their requirements & thereby develop & implement system automation.

We plan our tasks to deliver beyond our clients expectations because we believe that information technology should not be limited with mere data entry & information display, instead it should also act as a perfect place for decision making & platform of time saving.
