# Reliance Pumps N Motors

<https://www.indiamart.com/reliance-pumps-motors/>

We are one of the leading manufacturer and exporter of a wide variety of pumps and motors that are at par with ISO Standards. These are known for their high wear resistance, ability to withstand high fluctuations and durability.

## About Us

Incepted in the year **2008**, **Reliance Pumps** is engaged in manufacturing and exporting a wide variety of pumps and motors. Our products include **Electric Submersible Pumps, Power Submersible Pumps, Single Phase Submersible Pumps, Three Phase Submersible Pumps, Mono Block Pumps, Sprinkler Pumps, Borehole Pumps, Self Priming Pumps, Cast Iron Pumps, Radial Pumps, Motor Pumps, Sump Pumps, Suction Pumps, Open Well Submersible Pumps, Well Pumps.**

The range of pumps and motors are fabricated using casting, stamping, and copper raw material and these are known for high wear resistance, ability to withstand high fluctuations, dimensional accuracy and durability.

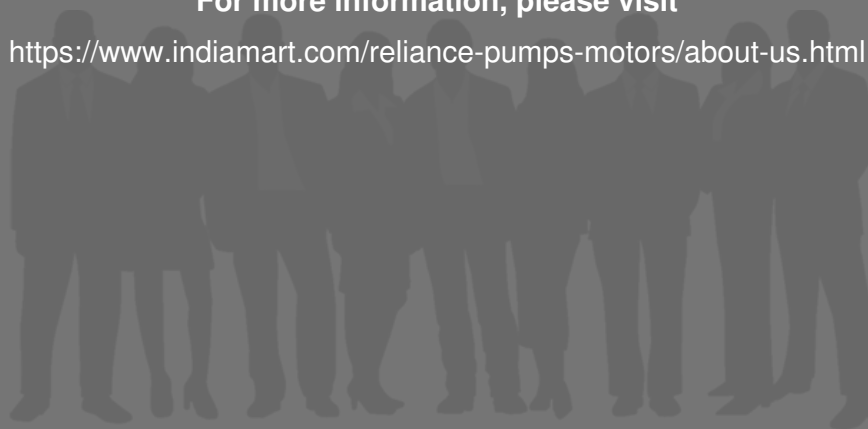

The company has its manufacturing unit located within a sprawling area of 2500 square feet with an installed capacity of 150 units. As the company believes in manufacturing quality products, the products manufactured are at par with ISO standards. The unit is looked after by a technically sound workforce. Each of the products undergoes strict tests and checks by the quality analysts.

Our products are widely catered across the engineering industries, agriculture and irrigation, domestic and industrial purposes in India. Further, we also provide customization and packaging facilities on the products, as per the client's specifications.

The company has earned a reputed name in the industry under the guidance of our founder - **Mr. Vadivel**. It is his...
