

Revathi Engineering Private Limited

<https://www.indiamart.com/revathi-engg/>

Manufacturer of steam turbine blade, gas turbine blade etc.

About Us

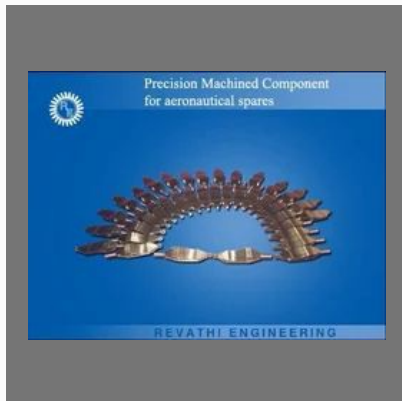

Revathi Engineering Pvt. Ltd is a rapidly growing small scale industry run by a woman Entrepreneur. We established our first unit in 1996, with our Head office at Balanagar, in Hyderabad. We now have branch offices with manufacturing facilities at Bachupally and Balanagar. We were registered with M/s BDL and HAL as sub contractors, in the early days. We are today capable of taking up various intricate job works, which include our specializations, such as manufacturing intricate jobs with latest sophisticated facilities like CNC Lathe M/Cs, CNC Milling, M/Cs, EDM M/Cs, Wire cut M/Cs, CMM etc. Over the years we have managed to build a solid work force with professionals who come from various backgrounds and have expanded creative potential of the company. Our competence and long experience ensure that we deliver excellent services and products to our customers. At every stage of a process, the highest quality standards are maintained, and are always catered to well in time. Our extensive communication facilities allow us to keep in touch with our customers 24 hrs a day. REPL always guarantees to provide quality services to meet best interest of clients maintaining total confidentiality of their subject matters. We acknowledge and accept that in pursuing our goals, we never compromise on the quality of our products and services. We are keenly aware of our responsibilities towards our clients to achieve and maintain the highest level of quality in all our operations...
