About Us

Rishikesh Exports incorporated in the year 1996 as a partnership based venture. We are instrumental in offering trading, exporting, service providing and supplying a wide range of Food Plant, Package Boiler, Power Boiler and more. The offered products can be availed by our clients at market leading rates.

Rishikesh Exports is a team of senior engineer, professional with varied expertise in project execution. The singular aim of the company is to provide complete Engineering Projects & Process Solution.

Rishikesh Exports firmly believes in understanding customer needs before offering solutions. This belief is rightly supported by the presence of company's local offices & Sales Engineers in the overseas markets as well. A team of highly qualified engineers & consultants in the Mumbai, India head office, back up the local engineers services, with frequent visits overseas. This closeness to customer provides not only perfect solution to customer needs, but also helps identifying latent needs & potential hazards on customer shop floors & in process.

This sound guiding principles & ethics has led to the rapid growth of the company. The company is currently operating in Srilanka, Bangladesh, Thailand, Malaysia, Iran. The customer base ranges from small scale industries to multinational corporations. A few of the of the esteemed customers include Unilever, Trelleborg, Birla Group, Hayleys Group, BAT, etc.
