# Rockchem Products

<https://www.indiamart.com/rockchemproducts/>

We are a well established name in the minerals and chemicals industry engaged in the **Manufacturing, Supplying, Wholesaling and Trading** of high quality **Barytes Powder, Calcined Petroleum Coke**, etc.

## About Us

Since the inception of the business in **1991**, **Rockchem Products** has established itself in India and abroad as one of the best **Manufacturers, Suppliers, Wholesalers and Traders** of a complete range of highest grade industrial minerals and chemicals including **Barytes Powder, Calcined Petroleum Coke, Calcium Product, Feldspar Powder, etc.** Our products can be used extensively in a wide range of application in various industries such as pharmaceutical, cosmetic, paint, steel, textile, glass, cement, dyes, pesticides and paper. The offered range of minerals and chemicals is highly acknowledged in the industry for their effective and perfectly accurate composition. We maintain a team of highly skilled professionals including chemical engineers, quality analysts, sales & marketing personnel, technocrats and research personnel who are committed to achieve the defined business goals of our organization.

The credibility of the organization and the genuineness of the products lie in our impressive production capability and explicit range of industrial minerals and chemicals. In our endeavor to provide the finest range of products and to meet the bulk requirements of our clients, we maintain a large state-of-the-art infrastructure. The infrastructure is fully equipped with contemporary instrumentation and latest technology to help us carry out all the research and manufacturing processes. Our highly equipped manufacturing unit, fully...
