<https://www.indiamart.com/royaltyminerals/>

Leading manufactures & suppliers of Minerals, which are used in many industries like Paints, Rubber, Plastics, Coating, Automobiles, Polymers, Textile, Oil refineries etc.

## About Us

**Royalty Minerals** is pleased to state that we are one of the leading suppliers of Minerals, which are used in many industries like Paints, Rubber, Plastics, Coating, Automobiles, Polymers, Textile, Oil refineries etc. Established in Year 1978 by **Late Mr. Rajnikant Mohanlal Dalal (Bhagat)** who had enormous experience in Mining field and Minerals related work, Currently it is handled by **Mr. Chetan Rajnikant Dalal (Bhagat)** who is having latest knowledge of Minerals and with its unique style of management, this company was expanded into a huge organization under his efficient leadership. We have been supplying minerals to many industries and quality of our product is approved and found satisfactory. We have surveyed sources of Minerals from different parts of India and high quality lumps are manually selected from Mines. After removing impurities from the lumps, it is sent for grinding for desired Micron Size. We have large capacity for producing Minerals and testing with latest Equipments. We specialize in Micro Fine Minerals upto 2 Microns, which gives smooth finishing and have good hiding power to finished products. We are known for our customer relationship and we work in close sync with them and act upon their requirements, feedback to meet the demand of the changing markets. We have large warehousing capacity at Bhiwandi to enable us to dispatch material on demand of our customer keeping in mind Just In Time Approach....

## PRECIPITATED SILICA

PPTD Barium Sulphate Grade A

Precipitated Barium Sulphate

PPTD Barium Sulphate Grade B

Natural Calcium Carbonate

## GRADES

Kaolin Clay Micro White Powder

China Clay Super White Powder

Rubber Grade Precipitated Silica Powder

Spray Dried Precipitated Silica Powder

## QUARTZ PRODUCTS

White Silica Sand

Silica Powder

Quartz Sand

Natural Quartz

## SOAPSTONE TALC

Soapstone Talc

Talcum

Talc

# CALCIUM CARBONATE

Calcium Carbonate

Precipitated Calcium Carbonate

Activated Calcium Carbonate

## OTHER PRODUCTS:

Dolomite Powder

Calcite 400 Mesh

Quartz Powder

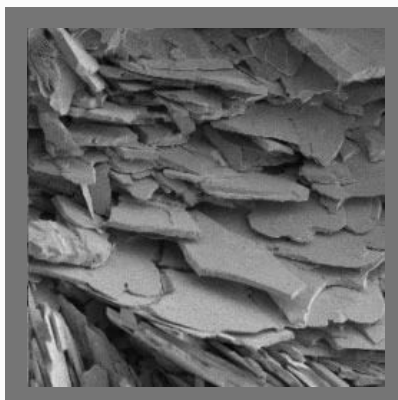

China Clay Powder

## OTHER PRODUCTS:

Kaolin Clay Powder

Micaceous Iron Oxide

Red Iron Oxide

Precipitated Silica

## OTHER PRODUCTS:

Calcined Kaolin Powder

Calcined Clay

Calcite Powder

Baryte Mineral

**OTHER PRODUCTS:**

Mica Powder

Wollastonite Mineral

Dolomite Mineral

Graphite Powder

# Factsheet

Year of Establishment	: 1978
Nature of Business	: Manufacturer
Total Number of Employees	: Upto 10 People
