About Us

We “**Rutuja Engineering Works**” are an Indian based prominent manufacturer, exporter, and supplier of Jigs, Fixtures, Press Tools, and Precision Machine Parts. In addition to this, we can also facilitate our clients with all types of Tool Room Works as per their requirements. Our product range is also available as per the specifications provided by clients. To meet the growing demands of our global clients, we have developed a sophisticated infrastructure. The support of our skilled professionals and their expertise enable us in building an amiable business relationship with clients. They ensure that specific requirements of clients are fulfilled in a timely manner. With the aim of attaining complete client satisfaction, they work in close coordination of each other at different stages. Under the able guidance of our mentor, **“Mr. Pravin Kadam”**, we have been attaining immense success and constantly growing in the financial aspect too. His in-depth expertise allows us to market our products to a large diaspora of global clients.
